Product Description

Altoz XE 610 Zero Turn Mower

The Altoz XE combines superior precision, enhanced maneuverability, and unmatched durability into a low impact, compact, and rugged mower. This is commercial grade performance at an unmatched value.

Altoz zero-turn mowers deliver the ROI you demand. Premium performance. Exceptional comfort and reliability. Cutting-edge design. All come together for a mower that looks good, performs better, and delivers exceptional value.

The Altoz XE Series is rugged, reliable, and built to endure the toughest jobs. The C-channel frame rails with formed, laser-cut, and welded heavy-gauge steel for maximum strength and rigidity. This is a mower you can take pride in for years to come.

It doesn't matter how well the machine performs if you're not safe and enjoying the ride. Our Independent Front Suspension system (SS models), high-back, adjustable seats, and enhanced safety features make this a mower you will love running all day long.

Best Use for the Altoz XE 610 Zero Turn Mower

- Commercial landscaping crews
- Large residential estates
- Municipal and property maintenance
- Open fields and wide turf areas
- Operators seeking durability and long-term ROI
