Product Description

Scag SFC-30-7CV - 30" Self-Propelled - Kohler CV224 - Walk-Behind Mower

Welded and fabricated using military-grade steel for years of dependable performance, the SFC-30 Finish Cut Walk-Behind Mower is no pushover. Packing big productivity and versatility into a compact form, this commercial-grade machine delivers a beautiful, professional quality-of-cut, helping you put the finishing touches on the job or at home.

30" fully fabricated steel cutter deck, Kohler 224CV engine - recoil-start engine

Why Choose the Scag SFC-30-7CV

- **30" Fully Fabricated Steel Cutter Deck** - Built from military-grade steel for long-term durability
- **Kohler CV224 Engine (7 HP)** - Reliable recoil-start performance
- **Self-Propelled Drive System** - Smooth, controlled operation
- **Swivel Front Wheels** - Improved maneuverability around obstacles
- **Compact Commercial Design** - Big productivity in a smaller footprint
- **Professional Finish Cut Quality** - Ideal for final pass detailing

Best For

- Commercial landscaping crews
- Finish mowing applications
- Tight access properties
- Gated backyards

- Residential and light commercial finishing work

Compact Size. Commercial Strength.

The Scag SFC-30-7CV delivers professional finish-cut performance in a compact, highly maneuverable package. Its 30" fabricated deck and Kohler engine provide dependable power, while swivel wheels enhance control in tight areas.
