Product Description

Scag 36" V-Ride II Stand-On Mower

Featuring a comfortable operator platform with first-class suspension that minimizes fatigue, the V-Ride II™ delivers a natural, intuitive, and smooth-riding position the entire day. With unrivaled performance, stability, and durability, this machine helps keep you in tip-top condition to get the job done day after day, year after year.

Key Features

- **36" Advantage Deck** - Provides precise, professional-grade cutting and durability for commercial use.
- **19 HP 600FX Engine** - Delivers reliable power for consistent mowing performance.
- **Stand-On Hydrostatic Platform** - Comfortable operator platform with first-class suspension reduces fatigue.
- **Smooth Ride & Intuitive Control** - Designed for natural handling and maneuverability throughout long workdays.
- **Commercial-Grade Durability** - Built to last with superior stability and performance for daily use.

Best Use

- **Commercial Lawn Care** - Ideal for professional landscapers handling medium to large properties.
- **High-Performance Mowing** - Designed for operators who require efficiency, stability, and precision.
- **Long Work Sessions** - Comfortable platform and suspension reduce fatigue during extended mowing periods.
