### Product Description

## Ferris SRS Z1 - 19hp Kawasaki FX600V w/ 36" Deck Soft Ride - Stand-On Mower - 5901939

### RIDE CONFIDENTLY INTO NARROW SPACES WITH ADVANCED COMFORT AND STABILITY

Ideal for tight gates and smaller trailers the SRS Z1 offers excellent productivity in a compact frame. True to the Soft Ride Stand-on (SRS) series, the adjustable operator platform on the Z1 features suspension technology, improving operator comfort and performance.

### Features

- **36" Cutting Deck** - Compact deck allows easy maneuvering in tight spaces and around obstacles.
- **Kawasaki FX600V Engine** - 19 HP engine delivers reliable commercial performance for stand-on mowing.
- **Soft Ride Stand-On Platform** - Adjustable operator platform with suspension technology enhances comfort and reduces fatigue.
- **Compact Design** - Ideal for tight gates, smaller trailers, and confined areas.
- **Gas-Powered Engine** - Ensures consistent and efficient operation during extended use.
- **Commercial-Grade Build** - Built for durability and reliable performance in professional settings.
- **Easy Handling** - Zero-turn style maneuverability for precise and efficient mowing.

### Best Use

- **Commercial Landscaping in Tight Spaces** - Perfect for properties with narrow gates or confined areas.
- **Small to Medium Lawns** - 36" deck provides excellent coverage without sacrificing maneuverability.
- **Operators Seeking Comfort** - Suspension platform reduces strain during long mowing sessions.
- **High-Precision Mowing** - Ideal for detailed work around landscaping features and obstacles.
