SKU: MF2860E

Categories: [Massey Ferguson](#)

Product Description

The **Massey Ferguson 2860E Utility Tractor** is built for landowners, hobby farmers, and rural businesses that need more muscle without sacrificing simplicity. With **57.3 horsepower** and a robust **8x8 Synchro-Shuttle transmission**, this open station utility tractor is ideal for tough chores like hauling, grading, mowing, and loader work.

Part of the **2800 E Series**, the MF 2860E blends the **versatility of a compact tractor** with the enhanced power and utility needed for larger properties and heavier tasks. It's a practical, no-nonsense machine designed to do the work — and keep working season after season.

Top Features & Specs:

- **Horsepower:** 57.3 HP - strong enough for larger implements and heavier loads
 - **Transmission:** 8x8 Synchro-Shuttle for precise gear control and reliability
 - **Operator Platform:** Open Station for ease of use and visibility
 - **Build:** Rugged utility frame designed for durability and stability
 - **Stock Number:** MF2860E
 - **Condition:** Brand new and ready for delivery
 - **Color:** Massey Ferguson Red
 - **Category:** Utility Tractors
-

Looking for a **powerful, affordable utility tractor** that's easy to operate and built to last? The **Massey Ferguson 2860E** checks all the boxes with **premium specs** at a price that delivers serious value.
