Product Description

Blue Diamond Attachments - 84" Finishing Mower

The Blue Diamond® Finishing Mower suits 20-60 HP tractors with a Category 1 hitch and can be used in front or behind the tractor. Our finishing mower will make your land look sharp with fine and controlled cuts in small to medium grass thanks to its 3 blades.

- Useable on front or rear of a tractor
- Quickly converts tractor to turf maintenance
- 2-year warranty
- Adjustable cutting depth

Features

- **84" Finishing Mower Deck** - Wide cutting width designed for efficient turf maintenance and clean finishing cuts.
- **Compatible with 20-60 HP Tractors** - Works with a Category 1 hitch for versatile tractor integration.
- **Front or Rear Tractor Mounting** - Can be used on either end of the tractor for flexible operation.
- **3-Blade Cutting System** - Provides fine and controlled cuts in small to medium grass conditions.
- **Adjustable Cutting Depth** - Allows operators to customize cutting height for varying turf maintenance needs.
- **Quick Turf Maintenance Conversion** - Helps transform compatible tractors into efficient mowing systems.
- **Heavy-Duty Attachment Design** - Built for dependable use in residential, commercial, and agricultural applications.
- **2-Year Warranty Coverage** - Backed by manufacturer warranty support for added peace of mind.

Best Use

- **Property and Estate Maintenance** - Ideal for maintaining large lawns, fields, and landscaped grounds.
- **Tractor-Based Turf Care** - Perfect for operators wanting to expand mowing capabilities with existing

tractors.

- **Commercial Grounds Maintenance** - Suitable for parks, campuses, and managed green spaces.
- **Routine Turf Management** - Supports efficient grass maintenance alongside **mower maintenance tips** for long-term equipment care.

Tractor Finishing Mower for Clean and Efficient Turf Maintenance
