Product Description

G2 Trailers 5x10 SA Utility Trailer 3500 lb Axle

G2 Trailers is a family-owned trailer Manufacturing company located in North AL. Our goal is to provide quality trailers and exceptional customer service to all our customers. G2 Trailers will manufacture a variety of trailers including utilities, car haulers, equipment, tilt and rock crawlers. All trailers will be in variations of sizes, both single and tandem axle. We hope in the not so distance future, for production to include dump trailers and goose necks. Our main goal at G2 Trailers is to provide an unmatched service that other trailer companies do not provide. We pride ourselves on quality and outstanding customer service. We have a production team & leadership team with decades of experience in manufacturing trailers and customer service experience. We are a family-owned company whose vision is to build a quality product and satisfy all our customers' needs!
