Product Description

Ironcraft 1810 - 3 Point Hitch - 120" Heavy Duty Cutter w/o Chains

52 PTO HP

1800 Series Heavy-Duty Dual Spindle Cutters

These Heavy-Duty Dual Spindle Cutters are designed for heavy-duty applications such as weeds, grass, and brush up to 3" diameter. These cutters are designed to work with 42 or 52 minimum hp tractors, and are available in 94" and 117" widths. The cutter uses dual spindles with two free-swinging blades each, which reduce the shock of impact when a stationary object is contacted. A slip clutch and dual shock couplers protect the gearboxes and drivelines from damage.

Standard equipment includes driveline shields and clutch shields. Front and rear chain discharge shields are available. Available in lift-type and pull-type models.

Product Family	1800 Series
Product	1810
Description	10' Heavy Duty Dual Spindle Cutter
RPM	540 or 1000
HP Required	52 minimum PTO
Working Width	120"
Transport Width	122"
Weight (lbs)	1480 lbs
