Product Description

Ariens IKON 48" Zero Turn Mower - 918003

Features

- **48" ENVY™ ELITE Cutting System Deck** - 48-inch fabricated deck designed with a 4 1/2-inch depth and optimized airflow for efficient cutting performance.
- **Kawasaki® FR651V Engine** - 23 hp / 726cc twin-cylinder gas engine delivers reliable residential mowing power and smooth operation.
- **High-Back Comfort Seat** - Tall, wide seat with enhanced back support, elevated base, and molded armrests for improved operator comfort.
- **Standard Foot-Operated Deck Lift Assist** - Designed to make deck height adjustments easier and more efficient during mowing.
- **11-Gauge Fabricated Steel Deck** - Durable construction built for long-term residential mowing performance and structural strength.
- **48" Cutting Width Efficiency** - Provides a balanced mowing width ideal for reducing pass count on medium to large lawns.

Best Use

- **Residential Lawn Maintenance** - Ideal for homeowners needing a dependable mower for regular yard upkeep and clean cutting results.
- **Medium to Large Property Care** - 48-inch deck size offers efficient coverage for open residential landscapes.
- **Comfort-Focused Mowing Sessions** - High-back seat design supports longer mowing periods with reduced operator fatigue.
- **Ariens Residential Mower Ownership** - Great choice for users exploring durable and [reliable equipment from Ariens](#) for home use.
